

directed to procure security for the prosecution of the suit. He left the office after two unsuccessful attempts to procure some one to join him on his bond, he returned saying "I can find no one." At this moment, I looked upon him, his youth, his inexperience, but especially, the destitute forlornness of his condition—a stranger in a strange place all, all touched my heart, and turning to the Magistrate I said, "will you, Sir, receive me as security?" he replied, "certainly Sir." In order to prevent as far as possible, any misunderstanding between Dr. Wylie and myself, as up to that moment the kindest and most intimate relation had existed between us, and that my motives and feelings might be correctly appreciated, I gave to the Officer and several gentlemen present, a full and frank avowal of the reasons influencing me to tender the use of my name. After which I signed the bond; and although I cannot say, that I have not suffered to some extent for my temerity, I, nevertheless, do now avow, after mature consideration, that I am ready under the same circumstances to repeat the same act, though followed by consequences as hundred fold more disastrous than the withdrawal of some half dozen pupils from my School.

I trust I shall be pardoned if I add—it is true that the only resource I possess upon earth for the support of myself and family are my individual exertions, and I am fully aware of the great benefit to one in my situation, to be derived from the smiles of the powerful and influential; but I shall, most certainly, beg my bread from door to door, or starve in a ditch with those who are dearer to me than life itself, before I shall ever, through a policy, mean and selfish, but alas too common, look with complacency or approbation upon acts of tyranny, cruelty and oppression—come from what quarter they may.

I have deemed it, Fellow Citizens, my duty, to give you the above true history of my connection with a matter, upon which I would have much preferred to have been silent, if others would have permitted it. My only object in saying this much is to correct certain false rumors which are industriously circulated to my detriment in the surrounding country. I have, therefore, no apology to make for this intrusion, and conclude for the present by subscribing myself.

YOUR FELLOW CITIZEN,  
J. GALLUCHAT.

It should be universally known—for it is strictly true—that indigestion is the parent of a large proportion of the fatal diseases. Dysentery, diarrhoea, cholera morbus, liver complaint, and many other diseases enumerated in the city inspector's weekly catalogue of deaths, are generated by indigestion alone. Think of that dyspeptic! think of it all who suffer from disordered stomachs, and if you are willing to be guided by advice, founded upon experience, resort at once (don't delay a day) to Hoofland's German Bitters prepared by Dr. C. M. Jackson, which, as an alterative, curative, and invigorant, stands alone and unapproached. General report, 120 Arch street. We have tried these Bitters, and know that they are excellent for the diseases specified above.—Philadelphia City Item. 23

### PROSPECTUS OF THE COTTON PLANT, AND Southern Advertiser.

Published weekly, to advocate Direct Trade, Manufactures, Agriculture, and the development of Southern Resources.  
By C. G. BAYLOR, Washington, D. C.

The importance of such a Journal as the above, needs no exposition. The material and substantial interest of the South have been too long neglected. The Cotton Plant is established to promote these interests, keeping entirely aloof from party politics. A complete foreign and domestic correspondence has been arranged. The best talent of the country will contribute to our columns, which will present a medium, of general communications, correspondence, and information for the friends of the measure we advocate. The proper steps have been taken in Europe and America to lay the foundation of a direct foreign trade at the South, and to introduce our coarse manufactures into the continental European market. One object of the Cotton Plant will be, as the organ of direct trade, to stimulate the South to carry out this important measure.

We call upon the Southern merchants generally to send us their business cards, that we may lay them before the country, to enable the friends of southern commerce, manufactures, &c., to discriminate properly in their desires to promote southern enterprise. The importance of Washington City a point of location for such a Journal, especially in regard to opening foreign correspondence, and promoting our foreign relations, is apparent. The opportunity of seeing here, also, members of Congress from every district of the country, presents a means of general co-operation not to be found elsewhere.

To the Cotton, Sugar, Rice, and Tobacco Planters, we look confidently for support; and to the friends of "Direct Trade" throughout the south we say—"show your faith by your works."

The regular issue of the "COTTON PLANT" will commence in June next. Advertisements are particularly requested to be forwarded early. Business letters addressed to C. G. BAYLOR, Washington, D. C.

Correspondence from all interested in the cause we advocate is solicited, particularly as to the crops, as we wish to give correct information on a subject which is of so much importance to the Planter, and in representing which he has been so often injured.

Postmasters are requested to act as carriers for us, and to all who approve our cause we look for good feeling, kindness and support. Terms, \$2, in advance.

**PROSPECTUS OF THE SOUTHERN DEMOCRAT, A WEEKLY NEWSPAPER.**  
TO be published at Abbeville C. H., and devoted to Politics, professing and vindicating pure principles of Southern Democracy—to Commerce, Agriculture, Literature and the Family Circle; containing also, all important obtainable items of Intelligence. Also, contributing as far as its ability extends, a few truths in the Arts and Sciences.

In matters of general interest, the Southern Democrat will be conducted with a view to render it acceptable to all classes of the community, and to keep its readers advised of all matters of public and general interest, and also those matters of a local nature which more particularly affect the interests of the District.

On all subjects, the Southern Democrat will be fearless and independent, but at the same time, the subscriber pledges himself that the columns of his paper shall never be prostituted to selfish purposes, or opened to discussions calculated to excite personal enmity and discord.

In size, the paper will be double medium, and printed on entirely new Type.

The Terms will be Two Dollars per annum, payable on the reception of the first number, and Three Dollars after that time and within the year. To Clubs of 20, \$30.

The Democrat will be issued as soon as a sufficient number of Subscribers are obtained to warrant the undertaking. Address the Subscriber at Due West, Abbeville District, S. C.

H. D. WRAY.

Individuals wishing to subscribe to the Democrat, will find a prospectus at each of the Post Offices in the District, and of the neighboring Districts.

DR. HOFFLAND'S CELEBRATED GERMAN BITTERS.  
PREPARED BY  
DR. C. M. JACKSON,  
AT THE GERMAN MEDICINE STORE,  
120 ARCH STREET, PHILADELPHIA.

Their power over the above diseases is not equalled by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, without safe certainty, a perfect cure.

REASONS FOR BEING CONVINCED.  
For the "Boston Bee."  
The editor said, Dec. 23d,  
"Dr. Hoffland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the subject we advise their use."  
"Scott's Weekly," one of the best Literary papers published, said, Aug. 25:  
"Dr. Hoffland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effects they have upon weak systems."  
MORE EVIDENCE.  
The Hon. C. D. Hineine, Mayor of the City of Camden, N. J., says:  
"We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing."  
"If this medicine was more generally used, we are satisfied there would be less sickness from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give it a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."  
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined; a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

Look well to the marks of the genuine.  
They have the written signature of C. M. JACKSON upon the wrapper, and his name blown in the bottle, without which they are spurious.
